

## OMAHA, OVERLAND PARK, WICHITA STUDENTS

---

It is with our deepest regret that we must tell you that, as of today, Wright Career College is closing its doors. We know that this is unexpected. We did everything we could to keep the doors open until we had a specific plan in place for your continued education, but we are unable to maintain operations any longer.

### ***MANY OTHER SCHOOLS WILL ACCEPT YOUR CREDITS AND ARE READY TO WELCOME YOU.***

We have been in communication with other colleges and universities that may be able to assist you in completing your education. Attached is a list that you may find useful as you research other programs. These are college and universities in your area that have comparable programs and many have indicated they are anxious to assist you in continuing your career education.

One of those schools is National American University (NAU). NAU has campuses in or near Overland Park, Wichita, Tulsa and Omaha. It has many academic programs that are comparable to Wright, both online and on-ground.

NAU is regionally accredited by the Higher Learning Commission, with several academic programs separately accredited or approved by national educational and professional associations. NAU offers the opportunity to earn associate's, bachelor's, and master's degrees.

NAU has indicated it will streamline its admission and enrollment processes for eligible Wright students to transfer into comparable programs, including:

1. Accepting all earned credits, including those credits earned at Wright and those credits awarded by Wright based on its completed evaluation of applicable credit in accordance with its policies.
2. Offering a free, for-credit bridge course designed for Wright students:
  - While in the bridge course, students will meet individually with student and financial aid advisors to facilitate their transition into NAU.
  - Credits earned in the free, bridge course will apply toward an NAU degree and thus minimize disruption in degree completion.
3. Accepting examination credit, dual credit, training credit, and/or prior learning credit awarded by Wright in accordance with its policies.
4. Reducing or waiving NAU's residency policy as appropriate per program.
5. Waiving any fees associated with transfer.

If you wish to explore this transfer opportunity with NAU, simply email your name, current program, and preferred method of contact to:

[transfermywrightcredits@national.edu](mailto:transfermywrightcredits@national.edu)

An NAU transition advisor will contact you to answer questions and offer assistance. Information about NAU's programs and the availability of programs at individual campuses may be found on NAU's website at [www.national.edu](http://www.national.edu).

We encourage you to continue your educational journey and to pursue your dream of a career. We regret that you cannot continue at Wright Career College.

***TRANSCRIPTS***

Please advise any institution to which you apply to send transcript requests to [transcripts@wirghtcc.edu](mailto:transcripts@wirghtcc.edu).
