## 2017 Planning \& Progress Study

## The Debt Dilemma

Northwestern Mutual is the marketing name for The Northwestern Mutual Life Insurance Company (NM), Milwaukee, WI and its subsidiaries.

## Background

The 2017 Planning \& Progress Study seeks to provide unique insights into U.S. adults' attitudes and behaviors toward money, financial decisionmaking, and the broader landscape issues impacting people's long-term financial security.

The study is based on an online survey of 2,749 U.S. adults conducted from February 14-22, 2017 ( 2,117 interviews with U.S. adults age $18+$ in the General Population and an oversample of 632 interviews with U.S. Millennials age 18-34).

Data were weighted to be representative of the U.S. population (age 18+) based on Census targets for education, age/gender, race/ethnicity, region and household income.

## Americans Are Besieged by Debt...

About half of Americans with debt have balances of at least $\$ 25,000$ (excluding mortgages), averaging roughly $\$ 37,000$. Notably, more than 1 in 10 say their debt exceeds $\$ 100,000$. The most common sources of debt are mortgages and credit card bills.
