Torrance, CA 90501

Subject: Passenger Side Front Air Bag Inflator may Rupture

Dear Mr. Collins:

This letter serves to acknowledge Toyota Motor Engineering & Manufacturing's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
LEXUS/SC/2002-2005
PONTIAC/VIBE/2003-2005
TOYOTA/COROLLA/2003-2005
TOYOTA/COROLLA MATRIX/2003-2005
TOYOTA/SEQUOIA/2002-2005
TOYOTA/TUNDRA/2003-2005

Mfr's Report Date: October 19, 2014

NHTSA Campaign Number: 14V-655

Components:
AIR BAGS

Potential Number of Units Affected: 247,000

Problem Description:
Toyota Motor Engineering and Manufacturing (Toyota) is recalling certain model year 2002-2005 Lexus SC and Toyota Sequoia and 2003-2005 Toyota Tundra, Corolla, Corolla Matrix and Pontiac Vibe vehicles that were originally sold, or are currently registered, in high absolute humidity areas of southern Florida, along the Gulf Coast, Puerto Rico, Hawaii, the U.S. Virgin Islands, Guam, Saipan and American Samoa. The inflators in the front passenger air bags are susceptible to rupture in the event of a crash necessitating the deployment of the front passenger air bag.

Consequence:
In the event of a crash necessitating deployment of the front passenger's frontal air bag, the inflator could rupture with metal fragments striking and potentially seriously injuring the passenger seat occupant or other occupants.

Remedy:
Toyota will notify owners of affected Toyota and Lexus vehicles and General Motors will notify owners of affected Pontiac Vibe vehicles. Toyota, Lexus, and GM dealers will replace the passenger side air bag inflator, free of charge. If a replacement inflator is
not available, as an interim measure, the dealer will disable the front passenger air bag and advise the customer not to use the front passenger seat until a replacement inflator is installed. Toyota will begin its owner notification and remedy of the affected Toyota and Lexus vehicles on or around October 25, 2014. Details on GM's notification and remedy schedule are pending. Owners may contact Toyota customer service at 1-800-331-4331. Pontiac Vibe owners may contact GM at 1-800-521-7300.

Notes:
Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Meshane who may be reached by phone at 202-366-7401, or by email at sarah.meshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
